

# 2018 GRI Content Index

Dexus referred to the Global Reporting Initiative (GRI) Standards to determine the 2018 annual reporting suite's boundaries for guidance on identifying and reporting its material issues, management approaches and reporting key performance indicators across stakeholder groups including investors, employees, customers, suppliers and the community.

Dexus has elected to prepare a GRI report in accordance with GRI Standards 'Core' reporting guidelines. This required Dexus to implement the GRI reporting principles to disclose our approach and performance against a list of standard disclosures as well as specific and sector related disclosures based on the list of Dexus's material topics.

Dexus has reported against the two main types of disclosures contained with the GRI Standards with the addition of the Construction and Real Estate Supplement:

- **General Disclosures:** Disclosures that set the overall context for understanding Dexus's performance such as strategy, profile, and governance.
- **Material Topic Disclosures:** Disclosures on Management Approach (DMAs) and indicators that elicit comparable information on Dexus's economic, environmental and social performance for each material issue.

As part of its process to review material issues Dexus reviewed internal and external materials and consulted with internal stakeholders to identify stakeholders with whom to engage. Stakeholder groups were prioritised based on their relevance to Dexus business or the property sector.  Through this process Dexus identified its key stakeholders as comprising current and prospective investors, employees, customers, suppliers and the community. Dexus's Sustainability Approach and engagement strategy has been developed to effectively engage with these key stakeholders to

Benefits are offered regardless of full-time or part-time employment status, but may be pro-rated in the case of leave and life insurance benefits which are based on the employee's regular salary level. Temporary employees engaged via a labour hire agency or contracting agreement receive benefits from their primary employer, the cost of which is factored into the hourly rate or service fee paid by Dexus. Temporary employees are not eligible for the following benefits: leave benefits, life and disability insurance, membership to the corporate discount program, study assistance.  Dexus contributes retirement provisions in line with Australia's employer superannuation guarantee requirements.
